

DELTA COMPUTERS

# Display Sova

Model OM270I FHD

Delta Computers Sova is a range of Russian professional displays designed to create modern workstations for professionals in various fields

The Sova OM270I monitor with a 27-inch frameless FHD display is ideally suited for primary corporate use cases due to its large and high-quality screen, wide viewing angle, and excellent ergonomics

## Features:

- △ Matte 27" Full HD IPS panel
- △ 93% screen-to-body ratio
- △ Wide range of graphic interfaces HDMI/DP/VGA
- △ Suitable for multimonitor setups due to thin bezels
- △ Optional height-adjustable stand installation
- △ Reduction of harmful blue light emissions through Low Blue Light Eye technology
- △ Convenient settings control with Russian menu and a joystick
- △ Security of the monitor is confirmed by passing the equipment special testing and special examination
